MIL. & MISS. RAIL ROAD.

This road was opened for the transportation of Freight and Passengers on the 15th of April, 1857.

1857] Summer Arrangements. [1857

Between *Milwaukee and Prairie du Chien*, the Passenger trains run as follows, on and after June 29, 1857:

GOING WEST.

Leave Milwaukee at 7:35 A. M., accommodation train. *Leave Milwaukee* at 12 M., day *Express* connecting at Janesville with the Express Train which leaves Chicago at 10:30 A. M., and arrives at Prairie du Chien at 9:10 P. M., connecting there with one of the new and superior Packets, which leaves immediately for all points on the Mississippi above Prairie du Chien.
Leave Milwaukee at 11 P. M. on the arrival of the Lake Shore cars from Chicago, and at Janesville connecting with a train from Chicago over the St. Paul R. R., and arriving at Prairie du Chien at 8:30 P. M., where it will connect with boats for the Upper Mississippi.
These trains in connection with the Prairie du Chien and St. Paul daily line of Packets, will place passengers at least 16 hours in advance of the routes via Dunleith, to any point above Prairie du Chien on the Mississippi River.

GOING EAST.

Passenger trains leave Prairie du Chien at 8:45 A. M. and 4:45 P. M., connecting at Janesville with trains over the St. Paul Road to Chicago.
The 8:45 A. M. train arrives at Milwaukee in time to take the night boat to Chicago.
The 4:45 P. M. arrives at Milwaukee in time for the morning train on the Lake Shore Railroad for Chicago.
The 8:45 A. M. train via Janesville, arrives in time at Chicago for the 8:30 P. M. trains on the Southern and Central Michigan and Fort Wayne Railroads to all Eastern points; and the 4:45 P. M. train from Prairie du Chien arrives via Janesville in Chicago, in time for the early morning trains on all the Eastern and Southern Railroads.
The price from Chicago to and from Prairie du Chien is $5.75 either by way of the St. Paul Railroad and Janesville, or by the Lake Shore Railroad via Milwaukee, but via Milwaukee and by the Boats is 50 cents less.
The regular Passenger fare on *Milwaukee and Prairie du Chien* will be $5.25.
Lodge Madison at 6:30 A. M. for Milwaukee, arriving in time for the afternoon train on the Lake Shore Railroad to Chicago; also connecting at Janesville with the St. Paul Railroad, by which passengers reach Chicago in time for the 3 P. M. trains going East.
FREIGHT trains run each way over the entire length of the Road daily.
The Rates on the River from Prairie du Chien to all points, are the same *in proportion to distance* as from Galena. There will be no charge at Prairie du Chien for storage or shipping.
Passengers by Davis & Moore's line of Stages will be conveyed to and from the several stations on the arrival and Departure of the cars to Galena, Mineral Point, Dodgeville, Richland City, and to Baraboo, and Sauk City.

PITTSBURG, FT. WAYNE & CHICAGO RAILROAD!

THIS New and Direct Route now open to New York, Boston, Pittsburgh, Philadelphia, Baltimore and Washington City, Cleveland, Dunkirk, Buffalo, Niagara Falls, and all Eastern Cities, Cincinnati, Columbus, Dayton, Springfield, Urbana, Zanesville, Steubenville, Newark and Wheeling, and all interior towns of Ohio, Pennsylvania, Virginia, Maryland, New Jersey, &c., making one grand unbroken Rail Road line between
CHICAGO AND THE EAST.
FARE AS LOW AS ANY OTHER ROUTE.
Passengers wishing to go by the most desirable and pleasant Route, should be particular and ask for Tickets by Fort Wayne, thereby avoiding the annoyance of re-checking baggage as by other Routes.
Trains leave depot on VAN BUREN ST., daily as follows:
7:25 A. M. 9:15 P. M.
With but one change of cars to Pittsburgh.
CHECKING BAGGAGE THROUGH
To Pittsburgh, Philadelphia, Baltimore and New York. Connecting directly with trains on the great Pennsylvania Central Railroad, to all Eastern cities. Also, with Cleveland and Columbus Railroad to Cleveland, Dunkirk, Buffalo, Niagara Falls, via New York Central and New York and Erie Railroads to New York and Boston. Persons going East will find this route by far the most desirable both from the advantage in point of distance, safety and beauty of the country through which it compasses, as well as the less frequent changes of cars, and the annoyance of re-checking baggage required by other routes.
Facilities for the transportation of Freight and Live Stock by this route, are unsurpassed. Rates as low as any other route, and with equal dispatch.
Tickets for sale at all the principal railroad offices at the West, and at the Company's Office, No. 90 Dearborn St., opposite the Tremont House, Chicago, and at the office of the Lake Shore Railroad, Milwaukee, by A. G. Ellard.

"FACTS ARE STUBBORN THINGS."

WEST'S
PATENT GALVANIC CEMENT FOR ROOFING!

IT MAKES a better Roof than Tin, at less than half the cost. Those who know it best speak of it in the following to me:
We were present at the disastrous fire in Salina, last fall, and took particular notice of the effect of the fire on "West's Galvanic Cement" Roofs. The composition was like proof. Burning boards and cinders fell on the roofs, and did no harm. The boards on the roofs were burned out, and the roof boards almost entirely consumed, before any fire would break through the roofs---it will resist fire longer than tin, and there is no other kind of roofing that is entirely proof against water.
SYRACUSE, March, 1857.
Alexander Duff, A. Crippen,
G. J. Throop, Elmer D. Norse,
H. Ford, James Johnston.
The superior claims which this Elastic Composition,
Fire and Water Proof Roofing,
Has over the various ordinary Cements and Compositions which have been offered to the public, consists in the fact that it has proved for over *fifteen years* *meeting the confidence* of those who have given it a trial, and to this fact we attribute the general favor and universal patronage it is obtaining in this City and State.
To all who are erecting new buildings, that would if possible, at a reasonable price, avoid the perplexity and annoyance of *defective and leaky roofs*, and secure such as will be *perfectly satisfactory in every respect*, we submit the following facts and conclusions:

To the Proprietors of West's Patent Galvanic Roofing:
Gentlemen:---We are one of the numerous property holders of this city, who have availed ourselves of the advantages which your Plastic Composition Roofing Material affords, and we most cheerfully and unhesitatingly say, that we consider it a most valuable article, and fully sustain and corroborate the *great* good have heretofore presented to the public, through the Milwaukee press, of the *superior claims of your roofing material*.
J. B. Gross, Daniel Newman, Jr., Jacob Bacon, A. H. Wolcott, E. Rutton, O. Alexander, M. A. Krug, D. Heller, Ernst Hoerig, F. A. Hafman, builder, Tibbetts, Stark-weather & Co., J. B. Turey, Wm. A. Young, John Desmond, R. A. & S. Stark, Th. Wetterich, Babcock, Bros., builders, W. H. Mcleod, G. Dauer & Co., Harsen Powers, G. A. Starkweather, J. B. Weed, Chapin, Gregory & Atwood, Baker & Johnson, Charles R. Austin, J. Stillman, Noah Barker & Co., Ellis & Starr, P. Lowe, W. P. Merrill, H. Rankin, builder, Ch. Brunner, J. Rodolis & Co., Geo. F. Austin, H. A. Nichols, Martin A. Rogee, builders, H. D. Camp.

Within the past year, I have paid three HUNDRED AND SEVENTY-THREE DOLLARS for repairing leaky and defective roofs. The composition used for such improvements is known as *West's Galvanic Cement*. Whether I have received half the value of the *value received* for the expenditure, and of the superiority of this article for roofing purposes, over any other article now in use, that I have engaged to have it applied to the building which I am having erected on the corner of East Water and Michigan streets.
ALEXANDER MITCHELL.

During the winter of 1855 and 1857, I had West's Galvanic Cement roofing applied to the Academy Block, erected on the corner where the United States Hotel was burned. This roofing, although yet in an unfinished condition, having only about one-half the composition of a complete roof, and that in the most unfavorable season, is in all respects answering the purpose of a complete roof. These facts, together with many others within my knowledge, are such that I fully concur in the opinion expressed by men who have had years of experience with this roofing material, that it is the most perfect and reliable article for covering buildings, that has been offered to the public.
Mayor of the City of Milwaukee.

I have had the composition above referred to applied to the Newhall House during the past winter, and my experience, knowledge and opinion correspond with and fully corroborate the above facts and conclusions.
DANIEL NEWHALL.

From our knowledge of the composition for covering buildings, known as West's Galvanic Cement for roofing, which has been very extensively used in this city the past year with perfect satisfaction to those who have adopted it, we most cheerfully recommend it as superior to any other article of the kind now in use, and worthy of the fullest confidence of the public.

VOLUME XIV. MILWAUKEE DAILY SENTINEL, SATURDAY MORNING, JULY 4, 1857. NEW SERIES.

THE DAILY SENTINEL.

RUFUS KING & WM. H. WATSON,
PROPRIETORS.
Under the Name and Firm of Rufus King & Co.

MILWAUKEE:
Saturday Morning, July 4.

☞ No paper will be issued from this office Monday morning, as our compositors intend to celebrate to-day.

THE DAY WE CELEBRATE.

Eighty-one years ago this day, the DECLARATION OF INDEPENDENCE from the rule of Great Britain, which we publish in another column, was signed by the true-hearted delegates from the Thirteen Colonies in session at Philadelphia. The bell of the Old Hall in which they sat, inscribed with the words "*Proclaim Liberty to all the Land, and the Inhabitants thereof*," announced to the waiting people the expected event, and its echoes were caught up by thousands of voices, and riders, in hot haste sped through the country with the tidings of the decisive step. It was a bold step for those feeble colonies to take, but they took it resolutely and solemnly, appealing to the Ruler of the Universe, — the God of Battles,—to sustain them in their resistance to oppression. This trust in Providence to stand by and prosper the right, they carried with them through the bloody seven years war, and sustained by this unfaltering trust, they fought and won the victory, and obtained for their children the precious treasure of liberty.

Doubtless, in that old Revolutionary Congress, there were those who scarcely realized the momentous character of the step which they were taking; but there were prophetic spirits there who saw through the struggle to the end. Such a spirit had old JOHN ADAMS, who, on the day after the signing of the Declaration, wrote to a friend as follows:

PHILADELPHIA, July 5, 1776.

SIR:—Yesterday the greatest question was decided which was ever debated in America, and a greater, perhaps, never was or will be decided among men. A resolution was passed, without one *dissenting* colony — "THAT THESE UNITED COLONIES ARE, AND OUGHT TO BE, FREE AND INDEPENDENT STATES!"

The day is passed. The 4th of July, 1776, will be a memorable epoch in the history of America. I am apt to believe it will be celebrated by successive generations as the great Anniversary Festival. IT OUGHT TO BE COMMEMORATED AS THE DAY OF DELIVERANCE, BY SOLEMN ACTS OF DEVOTION TO ALMIGHTY GOD; IT OUGHT TO BE SOLEMNIZED WITH POMP, SHOWS, GAMES, SPORTS, GUNS, BELLS, BONFIRES, AND ILLUMINATIONS, FROM ONE END OF THE CONTINENT TO THE OTHER, FROM THIS TIME FORWARD FOREVER."

In the spirit in which the great National Anniversary appeared to the vision of the patriot ADAMS, let us all celebrate this day, and, pausing from our accustomed daily avocations, reflect upon the events of the memorable 4th of July, 1776, and of the struggles and sufferings of the "times which tried men's souls." From such reflections we cannot fail to foster a greater reverence for the noble characters of our Revolutionary Patriots, and to gain a better appreciation of their toils and sufferings, and a more deeply abiding love of the priceless treasure of LIBERTY which they handed down to us.

Doings of the Day.

There was, as we went to press last night, fair prospect of pleasant weather for to-day, and we can therefore reasonably anticipate a pleasant time for our celebration of the National Anniversary. We publish again the orders of the day, but give below, in this paragraph, a minute of the proposed doings, so that it may be cut out for reference if desired:

At sunrise, National Salute of 31 guns, by the Artillery Co.

At ½ after 8 A. M., morning Parade at Camp Juneau, followed by Guard Mounting.

At *precisely* 9½ A. M. (no earlier or later) the Procession will move from the corner of Spring and Second St.

Exercises at the Camp Ground on the arrival of the Procession.

At noon, Federal Salute of 13 guns, (and general ringing of the bells, we hope.)

At 5 P. M., the Regatta on the river.

At 7 P. M., Evening Parade at Camp Juneau

Fireworks at night, between 9 and 10 o'clock, we presume. The display will take place in the 4th Ward Public Square. The fine band of the Chicago Light Guard will be in attendance.

On account of the danger from explosion, no person will be admitted within the Square.

The Climax of Doughfacism.

To what extent of low cringing will the spirit of party carry our Hunker cotemporaries—to what abuse of our patriotic fathers will it lead them? What new letter of instruction can have emanated from the powers that be at Washington, that the administration organ here, the *News*, finds it necessary to make use of such language as the following:

Political freedom is more strongly impressed, if there is any difference between the people of the two sections, upon the judgments and hearts of the slaveholders of the South than is that principle upon the non-slaveholders of the North. Does not history prove this? Turn to the records of war! Look at the sacrifices for the Union, of the two sections respectively and say!—*News.*

Well, look at those sacrifices! just now, when the coming of the National Anniversary excites recollections of the history of the Revolution, and the years which have elapsed since that stormy time; let all men think whether there has been anything in the history of the Southern slavery "section" of the Union, entitling it to the praise from the Administration organ, or calling for such a disparaging, insulting allusion to the Northern "section" of the Union.

The "sheeted dead" of Bunker Hill whom Edward Everett lately invoked, might rise to rebuke the slander.

But we leave the "sections," of which the *News* speaks, for to-day, and to-day celebrate the birthday of a UNION, won by Northern and Southern patriots alike.

☞ We observe that the *News* takes as true, copies a portion of, and seems to rejoice greatly over, a report of and comment upon the late reply of Mr. LINCOLN to Senator Douglas' speech at Springfield. The *Republican* being a thorough going Border-Ruffian sheet, the defender and apologist of Stringfellow & Co., the *News* fitly follows in its wake. *Par nobile fratrum.*

Kenosha and Rockford R. R.

We notice by the Kenosha *Tribune* that Messrs. Derbyshire and Scott have completed the contract for grading sections 7 and 8—two of the most difficult on the line—and that arrangements have been made by the company to secure their services for other portions of the road.

PROPOSALS FOR A STEAM-PROPELLER SLOOP-OF-WAR.—The Washington *Union* publishes an official advertisement from the Navy Department, inviting proposals, which will be received until the 24th of August next, for the construction of a steam-propeller sloop-of-war, one of the five authorized by the act of Congress of March 3, 1857. The object of the Department in inviting proposals is to obtain the very best ship-of-war that the mercantile marine can produce, and proposals will be received from ship builders only.—The amount appropriated for building these steamers (one million of dollars) is believed to be very insufficient for that purpose.

☞ The number of warrants or certificates is sued at the Pension Office during June is nearly four thousand, involving more than half a million acres. Twenty-six millions of acres are required to satisfy the two hundred and nine thousand warrants that have been issued under the act of March, 1855.

N. Y. FOURTH OF JULY.—The Common Council of New York city has provided for $3,250 worth of Fireworks, to be exhibited to-night at ten different places in the city.

For the Sentinel.

The Mississippi above St. Paul.

While so many of our citizens are daily making the trip to St. Paul, enjoying the grand and beautiful scenery along the great River *below* that place, only a few have ventured to extend their observations *above*. The Falls of St. Anthony is a great turning point in the character of the Mississippi, and of the country on its borders. The scenery below is grand, but that above is beautiful. Instead of the bold bluffs, studded with immense masses of naked rocks, the banks are low, gently sloping towards the water. Beautiful farms and smiling villages occupy these slopes. The river is sensibly narrower, and the channel has less depth; slight rapids are encountered at several points. Nothing can exceed, in calm and placid beauty, some of the turns of the river, with the groups of low well-wooded islands and projecting points of land, especially when seen in the subdued light and brilliant tints of the evening sun, and doubled by the inverted reflection seen in the water below.

The tourist will not find here the splendid steamers with their luxurious appointments, but small sterned- wheeled affairs, suited to the new condition of things. These boats are daily thronged with hardy pioneers and their "stuff," crowding into the country along this part of the river, where the lands are still open for the first occupant. Even the floating lumber shows a new character here. In the place of the immense rafts—much larger than the general run of the city lots—that one meets with, and that make so important a feature in the river below, we see only logs, floating each on its own account. These are so numerous as to become a serious impediment to the navigation, and form one of the reasons why the little steamers are obliged to lie by at night. With all the skill of our pilot, we could not avoid numerous hard bumps against these solid masses of unsawed lumber, causing all on board to start. These logs are collected at the Falls by some ingenious contrivances, and formed into rafts below. The numerous mills along the banks of the river have only to stretch out a "boom" to secure a supply of logs for the season. Each log is marked so that no trouble exists in regard to ownership.—This condition of things extends for eighty-three miles up the river, to St. Cloud, a new and very flourishing town near the Sauk Rapids, where the navigation is interrupted by a chain of granite rocks, and the river assumes another character. At this place a fine hotel (the Stearns House), situated on a commanding eminence, affords good cheer and a fine view of the beautiful scenery around. The town is destined to figure largely in the future history of this part of Minnesota. I. A. L.

The State Treasury.

The State Treasurer and Secretary of State have made their usual quarterly Report of the condition of the Treasury July 1st. We give below the recapitulation of the statement:

THE DECEASED FILLIBUSTER, CRABB.—The Nashville *Banner* states that Col. Crabb, the late leader of the Sonora Expedition, and who lost his life at that place, was the same who was the sole survivor in the last of the bloody series of combats which the editors of the Vicksburg Sentinel fought—the last of six of the editors of that paper having fallen by the hand of Crabb.

McGregor & St. Peters R. R.

The McGregor *Times* of the last week has the following information in relation the railroad west from that busy town, which will be a practical extension of the Milwaukee and Mississippi R. R.:

The engineers will turn over to the contractor inside of three weeks, *nine miles* of the track, for the commencement of operations. Mr. McDonald is employing hands for the campaign, and is supposed that the cars will be running 25 to 30 miles West by this time next year. The company had a most harmonious meeting on the 2d—they will increase their Board on the ninth of July.

The means are at hand and in *sight* to push this road right through, and village owners, land proprietors and others concerned, should go to canvassing for stock in their respective localities with energy—the stock will be valuable, and Iowa operators and farmers may as well own a controlling portion as not. The Messrs McGregors have released to the company the right of way through their land; the track will follow the bank of the river one mile north and then run westwardly. The light has at last shown on this enterprise, and increased nerve is visible in very branch of business at McGregor. North Iowa is now on the road to a destiny which few portions of the West can ever reach. Take off the breaks! "Toot! Toot!"

THE GREAT MIGRATORY MOVEMENT.—The *Herald of Freedom* of the 27th ult., estimates the influx of population to Kansas the present season at 30,000, and is of the opinion that before winter sets in 100,000 will have been added to the permanent population of the Territory. Meantime the human current pours on with unabated volume. Many stop in Western Missouri, and others continue on to Northern Texas. There is a regular stream of emigrants flowing south through Lawrence and other places in Kansas, says the *Herald*, to the number of hundreds a day, looking for a warmer climate.

We also learn that while there has been large influx of population to Missouri the present season there has been an immense emigration from it. A gentleman who recently came up from Arkansas, reports the roads full of moving caravans, with their slaves and cattle, from Missouri, going to Texas. The same gentleman tarried some three weeks at the thriving village of Moneka, and while there the road was daily thronged with California emigrants from Missouri. They were of the wealthier class, some of them having slaves and large herds of cattle.

A MAGNETIC WHIRLWIND.—We witnessed a singular phenomenon while coming from Milwaukee to this place last week on a steam tug, which may or may not be new to sailors; but it was something we never saw or heard of before.—When off Bailey's Harbor, about three miles from shore, the compass began to oscillate from point to point, without remaining a moment at any one place, until finally it acquired a rotary motion and spun around with great rapidity. We stopped it several times but it would again commence veering backward and forward and very soon begin whirling again. This continued for several miles.

We are informed by Capt. Crooks, of the *White Cloud*, who was on board at the time, that from local attraction or for some other cause, the needle can never be depended upon in that vicinity—though in this instance it was more than usually affected. The weather was fine at the time and we had daylight before us; but had there been rough weather and a dark night, we should have had some anxiety for our little "pocket steamboat."—*Green Bay Advocate.*

EAST SHORE OF THE BAY.—There is certainly no finer sail in the West than on a clear day down the east shore of Green Bay—and we hope that the proprietors of some one of the boats will, while the warm weather lasts, have an excursion there away. Sturgeon Bay has now become quite a settlement. We were there the other day just at night, too late to get a good view of the town, but enough to see that it has capacities which only need time to develop into an important point. At Little Sturgeon quite a settlement is forming; and at Fish Creek there is another. The clear water, bold shores, white beaches and green back grounds make every mile of it show finely.—*Green Bay Adv.*

☞ The excavation for the basement of the Capitol extension is rapidly progressing. Mr. GILL, who has the contract to make the excavation, thinks he can get through with his job within a week, though he has till the 15th to do it in. The steps are removed and the pillars are to be immediately taken down, to make the excavation complete. As many teams are now engaged in removing the dirt as can be used to advantage.—*Madison Journal.*

DECLARATION of INDEPENDENCE.

JULY 4TH, 1776.

The unanimous Declaration of the Thirteen United States of America, in Congress assembled.

When, in the course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume among the powers of the earth the seperate and equal station to which the laws of nature and of nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident: that all men are created equal; that they are endowed by their Creator with certain unalienable rights; that among these are life, liberty, and the pursuit of happiness; that, to secure those rights, governments are instituted among men, deriving their just powers from the consent of the governed; that, whenever any form of government becomes destructive of these ends, it is the right of the people to alter or to abolish it, and to institute new government, laying its foundation on such principles, and organizing its powers in such form, as to them shall seem most likely to effect their safety and happiness. Prudence, indeed, will dictate that governments long established should not be changed for light and transient causes; and, accordingly, all experience hath shown that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same object, evinces a design to reduce them under absolute despotism, it is their right, it is their duty, to throw off such government, and to provide new guards for their future security. Such has been the patient sufferance of these colonies, and such is now the necessity which constrains them to alter their former systems of government. The History of the present king of Great Britain is a history of repeated injuries and usurpations, all having in direct object the establishment of an absolute tyranny over these states.—To prove this, let facts be submitted to a candid world:—

He has refused his assent to laws the most wholesome and necessary for the public good;

He has forbidden his governors to pass laws of immediate and pressing importance, unless suspended in their operation till his assent should be obtained; and, when so suspended, he has utterly neglected to attend to them.

He has refused to pass other laws for the accommodation of large districts of people, unless those people should relinquish the right of representation in the legislature—a right inestimable to them, and formidable to tyrants only.

He has called together legislative bodies at places unusual, uncomfortable, and distant from the repository of their public records, for the sole purpose of fatiguing them into compliance with his measures.

He has dissolved representative houses repeatedly for opposing with manly firmness his invasions on the rights of the people.

He has refused, for a long time after such dissolutions, to cause others to be elected; whereby the legislative powers, incapable of annihilation, have returned to the people at large for their exercise— the state remaining in the meantime, exposed to all the dangers of invasion without and convulsions within.

He has endeavored to prevent the population of these states—for that purpose obstructing the laws of naturalization of foreigners, refusing to pass others to encourage their migration hither, and raising the conditions of new appropriations of lands.

He has obstructed the administration of justice, by refusing his assent to laws for establishing judiciary powers.

He has made judges dependent on his will alone for the tenure of their offices and the amount and payment of their salaries.

He has erected a multitude of new offices, and sent hither swarms of officers to harass our people and eat out their substance.

He has kept among us, in times of peace, standing armies, without the consent of our legislatures.

He has affected to render the military independent of, and superior to the civil power.

He has combined with others to subject us to a jurisdiction foreign to our constitution and unacknowledged by our laws—giving assent to their acts of pretended legislation;

For quartering large bodies of armed troops among us;

For protecting them, by a mock trial, from punishment for any murders which they should commit on the inhabitants of these states;

For cutting off our trade with all parts of the world;

For imposing taxes upon us without our consent;

For depriving us, in many cases, of the benefits of trial by jury;

For transporting us beyond seas to be tried for pretended offences;

For abolishing the free system of English laws in a neighboring province, establishing therein an arbitrary government, and enlarging its boundaries, so as to render it at once an example and fit instrument for introducing the same absolute rule into these colonies;

For taking away our charters, abolishing our most valuable laws, and altering fundamentally the *forms* of our government;

For suspending our own legislatures, and declaring themselves invested with power to legislate for us in all cases whatsoever.

He has abdicated government here by declaring us out of his protection and waging war against us.

He has plundered our seas, ravaged our coasts, burnt our towns, and destroyed the lives of our people.

He is at this time transporting large armies of foreign mercenaries to complete the work of death, desolation and tyranny, already begun with circumstances of cruelty and perfidy scarcely paralleled in the most barbarous ages, and totally unworthy the head of a civilized nation.

He has constrained our fellow citizens, taken captive on the high seas, to bear arms against their country, to become the executioners of their friends and brethren, or to fall themselves by their hands.

He has excited domestic insurrections among us, and has endeavored to bring on the inhabitants of our frontiers the merciless Indian savages, whose known rule of warfare is an undistinguished destruction of all ages, sexes, and conditions.

In every stage of these oppressions, we have petitioned for redress in the most humble terms. Our repeated petitions have been answered only by repeated injury. A prince, whose character is thus marked by every act which may define a tyrant, is unfit to be ruler of a free people.

Nor have we been wanting in attentions to our British Brethren. We have warned them from time to time of attempts by their legislature, to extend an unwarrantable jurisdiction over us.—We have reminded them of the circumstances of our emigration and settlement here. We have appealed to their native justice and magnanimity, and we have conjured them, by the ties of our common kindred, to disavow these usurpations, which would inevitably interrupt our connections and correspondence. They, too, have been deaf to the voice of justice and of consanguinity.—We must, therefore, acquiesce in the necessity which denounces our separation, and hold them, as we hold the rest of mankind, enemies in war, in peace, friends.

We, therefore, the representatives of the United States of America, in general Congress assembled, appealing to the Supreme Judge of the World for the rectitude of our intentions, do, in the name, and by the authority of the good people of these colonies, solemnly publish and declare that these united colonies are, and of right ought to be, free and independent states; that they are absolved from all allegiance to the British crown, and that all political connexion between them and Great Britain is, and ought to be totally dissolved; and that as free and independent states they have full power to levy war, conclude peace, contract alliances, establish commerce, and to do all other acts and things which independent states may have a right to do. And for the support of this declaration, with a firm reliance on the protection of Divine Providence we mutually pledge to each other our lives, our fortunes and our sacred honor.

COL. FREMONT GOING TO EUROPE.—We understand that Mrs. John C. Fremont was among the passengers for Europe by the Vanderbuilt on Saturday. She will shortly be followed by her husband, Col. Fremont, who is now engaged in putting the last finishing touches upon the new and complete edition of his works, shortly to be published. It is said that he is to receive $10,000 as an advance from the publishers upon the prospective sales of the volumes. The furniture of his house in Ninth street is advertised for sale.—*N. Y. CAMP JUNEAU.

MILITARY ORDERS.

HEAD QUARTERS, MILWAUKEE LIGHT GUARD, July 1st, 1857.

General Order, No. 8:—

The Light Guard Battalion will commence a tour of Camp duty on the 2d inst. The Members of the Corps are requested to assemble at the Armory at 9 A. M. on the 2nd. to assist in pitching the tents. Capt. TOWSEND, of Company "B," is charged with the supervision of this duty.

At 6 o'clock P. M. of the 2nd, the Corps will muster at their Armory, in full dress, with knapsacks, preparatory to marching into Camp. All baggage of Officers, or privates, must be sent to the Armory previous to that hour; Quarter Master NAZRO will provide for its transportation to the Camp.

The Corps will march into Camp at 7 P. M. on the 2nd, and the evening parade will take place on the ground at 7½ P. M. Adjutant HATHAWAY will direct a detail of 1 Officer, 1 Sergeant, 3 Corporal and 12 Privates, for guard duty, during the night of the 2nd inst. Tattoo will beat at 9½ P. M., and taps be sounded at 10½ P. M.—After the latter signal, no lights will be permitted, except in Officer's Quarters and at the Guard Tent, and quiet will be enforced throughout the Camp.

On the 3rd instant, the morning gun will be fired at sunrise, and Reveille will beat at 5 A. M.; immediately after which the Battalion will parade and proceed to receive their guests from Chicago and escort them into the Camp. The Breakfast call will sound at 7 A. M., Dinner at 1 P. M., and Supper immediately after Retreat.

At 8½ A. M., on the 3rd, there will be Morning Parade and immediately thereafter Guard Mounting. At 5 P. M., the Battalion will be reviewed by the Major General Commanding the First Division, Wisconsin Militia. After the Review, there will be a Battalion Drill, and at 7 o'clock Evening Parade.

Tattoo will beat at 9½ P. M., and taps be sounded at 10½ P. M.

On the 4th, the morning exercises will be the same, as on the 3rd, except that the parade will be at a quarter after 8 and Guard Mounting immediately after. Immediately after Guard Mounting the Battalion will march to the General Rendezvous on Second Street, and join the Military and Civic Procession, got up in honor of the Day.

There will be no further military exercises on the 4th, save Evening Parade at 7 o'clock P. M.

Tattoo will beat and taps sound at the same hours as on the previous days.

On the 5th there will be Inspection, Parade and Guard Mounting at 9 o'clock in the morning; divine service at 3 P. M., and Evening Parade at 7 P. M.

The Encampment will be named CAMP JUNEAU, in honor of the first citizen and founder of Milwaukee.

Visitors having passes, signed by the Commandant, will be admitted into the Camp, at any time between Reveille and Tattoo, on presenting their passes at the Guard Tent. Persons not having passes will be admitted at the Guard Tent, when not interfering with the duties of the Camp, and at the discretion of the Officer of the Guard.

The Commandant confidently relies upon the active and zealous co-operation, and prompt and cheerful obedience to orders, of every member of the Milwaukee Light Guard, to render the encampment a source of enjoyment to our Chicago guests, of instruction and credit to our own Corps, and of pride and satisfaction to our citizens.

By order of the Major Commanding:

JOHN L. HATHAWAY, Adjutant.

Effects of the Comet of 1712.

The return of a great comet had been predicted to appear in 1712, which caused great alarm in England. The following amusing account is taken from an old paper of the period:

"In the year of 1712, Mr. Whiston having calculated the return of a comet which was to make its appearance on Wednesday, the 14th of October, at five minutes after five in the morning, gave notice to the public accordingly, with the terrifying addition that a total dissolution of the world by fire was to take place on Friday following. The reputation Mr. Whiston had long maintained in England, both as a divine and a philosopher, left little or no do doubt with the populace of the truth of his prediction. Several ludicrous events took place. A number of persons in and about London seized all the barges and boats they could lay their hands on in the Thames, very rationally concluding that when the conflagration took place there would be the most safety on the water. A gentleman who had neglected family prayer for better than five years, informed his wife that it was his determination to resume the laudable practice the same evening; but his wife having engaged a ball at her house, persuaded her husband to put it off till she saw whether the comet appeared or not. The South Sea stock immediately fell to 5 per cent, and the India to 11; and the captain of a Dutch ship threw all his powder into the river, that the ship might not be endangered.

"The next morning, however, the comet appeared according to the predictions, and before noon the belief was universal that the Day of Judgment was at hand.

"About this time 323 clergymen were ferried over to Lambeth, it was said, to petition that a short prayer might be penned and ordered, there being none in the church service on that occasion. Three maids of honor burned their collection of novels and plays, and sent to the bookseller's to buy each of them a Bible, and Bishop Taylor's 'Holy Living and Dying.' The run upon the Bank was so prodigious, that all hands were employed from morning to night in discounting notes and handing out specie. On Thursday, considerable more than 7,000 kept mistresses were legally married in the face of several congregations. And to crown the whole farce, Sir Gilbert Heathcote, Head Director of the Bank, issued orders to all the fire officers in London, requiring them to keep a good look-out, and have a particular eye on the bank of England."

[From the Paris Correspondence of the N. Y. Times.]

About Crinoline—Laughable.

At the last ball at the Hotel de Ville, given in honor of the King of Bavaria, the public or rather "the million" that garnished the approaches to the city palace, were the spectators of a singular circumstance in the onward and upward progress of crinoline. The husband and wife were, in almost every carriage, separated: the husband mounted on the box beside the coachman, the wife occupying alone the interior. But it was not this fact that excited the ridicule of the crowd; the hoops were so enormous and the dresses so precious, that their wearers could not sit down. So that when the doors were opened, the ladies were found standing up in the carriage, the body bent forward, the hands fastened to the cords, offering a side profile that resembled a jockey at the outcome of a race. It was hard work, for the *queue* of carriages was long and the halts frequent, so that they arrived with faces the color of a boiled lobster; but they were amply compensated for their perseverance by immaculate skirts and faithful hoops.

THE ONEIDAS.—Our neighbors, the Oneida Indians, have an old, time honored usage of celebrating our national holiday, every year, by a sort of festival, in which they are joined, not only as spectators but as participants, by their pale faced brethren. The custom is an excellent one, as it intends to promote union and harmony between the two races, a result which cannot be too highly appreciated by either party.

Visitors are hospitably entertained, and invited to partake of viands, cooked in the most tempting style; the audience are then usually addressed by the chief, through an interpretor, and a reply made by any person present; the day then closes with athletic games by the Indians.

The Oneida Chief, Daniel Bread, takes occasion to give through the medium of our paper, a cordial invitation to all to be present on the coming Fourth.—*Green Bay Adv.*

M. P. R. R.—The business on the Mineral Point Rail Road exceeds the expectation of most of our citizens. Those who supposed "two sucker teams, by a trip once in three months, could do all the business the Rail Road would get," begin to get their eyes open, and wonder "where it all comes from and where it is going too."—*Mineral Pt. Tribune.*

GEN. WALKER, THE FILLIBUSTER.—The Nicaraguan filibuster seems to have had a short run of glory, even in New York, and it is intimated by the *Times* that he has run away—perhaps from the bailiff. It gives rumors that Vanderbilt has sent a vessel after him, and that the filibuster party left for the South on Friday, inaugre the unlucky augury of that day for commencing upon important enterprises.

A HOAX.—The Earl of Oxford, (misprinted "Orford,") has written a letter to the London *Morning Post*, denying that he ever wrote the recent caustic letter to the Secretary of the Norwich Bible Society, imputed to him. He says: It is a *rechauffe*, of a lie circulated some thirty years since in a London journal as a hoax, I presume, upon the editor." The Earl is seventy years of age.

☞ HOW TO GET A FINE WHITE HOUSE OUT OF AN EMPTY BARREL.—Put the barrel in a secure place, near a spring of good water, on the road to the grog shop. When you want a dram take the price of it in your hand and start to the grog shop—go as far as the spring, drop the money through the bunghole, take a good drink of water and return home. Repeat this operation till the barrel is full, knock out the head, and you have the price of a splendid brick building. Fact.

☞ Sometimes a little song will contain the grandest of sermons:

"I shot an arrow into the air,
It fell to the earth, I knew not where;
For so swiftly it flew, the sight
Could not follow in its flight.

I breathed a song into the air,
It fell to earth, I knew not where;
For who has sight so keen and strong,
That it can follow the flight of song?

Long, long afterward, in an oak,
I found the arrow still unbroke;
And the song, from beginning to end,
I found in the heart of a friend."

Chicago Market.

CHICAGO, July 3d.

FLOUR was without material change, and no sales were put on record. Sales of 8 bbls Darlington to the city trade was reported at $6.50. We quote Dity Mills No. 1 at $7.75, No. 2 at $7.25 and extra at $8.25.

WHEAT opened firmly at yesterday's figures. The only sale recorded was that of 5,000 bus for completing the cargo at $1.50. Parcels were picked up amounting to 9,000 bus at $1.47, and one or two small lots at $1.47½ in store. New York advices caused the market to close firmly.

CORN was held a little more stiffly but was not active, the only published sale being 10,000 bus free on board, taken at 56c. Parcels in store were taken at 55c, and cargoes were stocked at 66½@67 and 5.c. At the close, under favorable advices from the east, holders quite generally demanded 56c on board for cargoes.

OATS—Holders were asking 51c on board without being met by buyers. We quote at 35@36c in store and 50@60 in bags at the depot.—*Press.*

Marine Intelligence.

The following items are from the Detroit Tribune of the 1st inst.:

COLLISION.—A somewhat serious collision occurred last night about midnight, abreast of Malden, between the new schooner "John Thursby," bound to Detroit from Buffalo, and the schooner "Thornton," on her way from Chicago to Gaywood with 18,000 bushels of wheat. The weather being very calm, the former vessel in tow of a tug, and those on watch were prevented, by the vessels in advance of her, from seeing the lights of the Thursby. The head gear and jib-boom was carried away, and her hull pretty badly stove in, the timbers being about 2½ feet square. The jib boom and head-gear of the Thornton were carried away clean to her night heads, but we believe she sustained no other damage in consequence.—Both vessels were towed into port this morning for repairs.

The Thursby was on her first trip. She was built for E. S. Fenton, of Buffalo, and is a very fine specimen of nautical architecture. The Thornton is owned in Oswego.

VESSEL AGROUND.—Capt. Turner, of the Iron City, reports a large fore-and after aground at the foot of Bois Blanc Island. A tug is at work with her, and it is hoped she will be got off to-day.

Camp Juneau.

Yesterday was a most delightful day, and great numbers of our citizens availed themselves of it to visit the camp ground on Spring Street. At 5 P. M. the companies were reviewed by Major General GRANT and the Division Staff, and the companies went through the exercises, and performed all sorts of military evolutions, marching and countermarching, to the great delight of the vast concourse of people present, including all the beauty and fashion of our City. The companies all exhibited considerable drill, and the Chicago Light Guard, in their showy uniform, and ponderous bear skin caps, elicited universal admiration, as they obeyed the quick words of command of their excellent officer. The display was altogether the best of the kind that we have seen in Milwaukee.

The splendid band which accompanies the Chicago Light Guard furnished the music for the afternoon, and performed to admiration.

The meals at the Camp are provided by GESMOS & NAJO, and they have performed this responsible duty to admiration, judging from the zest with which both guests and hosts attended to the tables.

THE RECEPTION.—Yesterday morning, at the appointed hour, the Light Guards marched down from the encampment to the steamer, and received their guests, the Chicago Light Guard, in military style, and escorted them to the Encampment on Spring Street Hill. The weather was exceedingly propitious, and the handsome uniforms, the bright bayonets glistening in the morning sun, accompanied with the stirring notes of the fife and drum, presented a decidedly imposing appearance. Quite a number of our citizens were out early to see the reception.

The Chicago Light Guard, under Capt. Boom, presented a soldiery appearance, and showed themselves to be a well disciplined company. There was not, however, as large a number as we expected to see, not more than thirty-five, all told. Shortly after the arrival at the Encampment, a sumptuous breakfast was served up at the spacious tent of the Light Guard, by Messrs. Garnition & Majo, to which ample justice was done by the Light Guard and their Chicago guests.

This morning the Chicago National Cadets will be received in a like manner.

P. S.—We learn that not more than one half of the Chicago Light Guard arrived yesterday, and that the balance will come up this morning in company with the National Cadet Guards.

THE REGATTA TO-DAY.—Not the least among the many attractions and excitements of to-day, will be the Grand Regatta on the river this evening. It takes place at 5 o'clock, and the course is to be rowed is from Chestnut Street Bridge down the river, through the south opening of Walker's Point Bridge; turning through the North opening, and thence back to the starting point. Some excellent boats have been entered, so that a spirited contest may be expected.

CLOSE YOUR BUSINESS PLACES TO-DAY.—We hope to see every business place, store and work-shop in this city closed to-day. Everybody should celebrate the Glorious Fourth in an appropriate manner, and no merchant or employer should require his workmen or clerks to do labor on this day. One day in the long busy year is not too much devote to the honor of the day which made our country free. Therefore, look up your safe, close up your store, let your desire for gain rest for this day, and turn out, join the procession, hear the oration, and be patriotic and merry like the rest of mankind.

LATE PAPERS.—We are indebted to Mr. WM. FERRIS, who has just returned from Europe, for London papers of June 17th, and late N. Y. papers.

Special Meeting of the Members of the Milwaukee Musical Society.

The Board of Directors having been informed that Mr. H. Balatka was about to resign his place as Musical director of the Society and to accept a similar position offered him in Chicago, Ill., issued notice of a special meeting, pursuant to which the members of the Milwaukee Musical Society assembled, on the 1st inst., at Best's Hall, at 8 o'clock P. M.

Edward Salomon, Esq., President, communicated to the meeting that Mr. H. Balatka had, in the meantime, expressed his determination to remain, at Milwaukee.

Mr. Balatka, at the request of the meeting, personally stated that he had concluded to decline the position offered to him in Chicago, and, if desired, he would continue to officiate as the musical director of the society hereafter ward. Whereupon the following resolutions were passed:

Resolved, That the salary of the musical director of the Society be hereby increased to $340 per year, to commence from the 1st day of May last, and the Treasurer is hereby authorized to pay such salary to the present musical director, Mr. H. Balatka, in monthly installments of $70, payable at the end of each and every month — the performance shall in future be given for the benefit of the musical director.

Resolved, That the musical director bind himself in writing to stay with the society for the full term for which he is elected.

Resolved, That none but members of the Association or strangers shall in future be admitted to the operas or other performances of the Society.

Resolved, To publish the proceedings of this meeting in one English and one German newspaper printed in the city.

A. ROSENTHAL, Secretary.

STREET COMMISSIONERS ORDERS.—The Third Ward Aldermen order a brick sewer to be laid through Main street, from Wisconsin street to Michigan, to connect with the Newhall House sewer.

Also that the following be paved with square stone:

Detroit street, from East Water st., to Main.

Buffalo, " " Mill river " "

Chicago " " " "

Erie " " East Water st. to Milwaukee.

Huron " " Main to "

The side walks on these streets to be graded and planked.

Proposals are invited for paving the gutters on Huron street.

The East Water Ward Aldermen invite proposals for grading to the established grade, the alley through block 84, Walker's Point, and the alley through block 5, Milwaukee proper.

Also to pave Reed street, from South Water to Lake sts., with cut or quarried stone.

PALM OIL.—Messrs. Patton and Williams, No 15, Spring street, have sent up a specimen of this Oil, from the manufactory of Beardsley, Patton & Williams in this City. For machinery this oil is far superi r to the rosions oil commonly used for that purpose. It is equal to the best lard oil, and not near so expensive. Its great advantage is in being entirely devoid of all gluttinous matter. It may be used with equal facility at all seasons of the year, and hence it is more convenient than common lard oil.

Owners of machine shops would do well to give this a trial. Remember that it is a howe made article.

THE GREAT WESTERN SAFE.—In another column will be found the report of the committee appointed to superintend the trial of this safe. It will be seen by it that th s excellent home-made safe stood the test of fire and water most successfully. It was kept in a tremendous hot fire for two hours, after which water was thrown upon it in barrels while red hot, and when opened, papers, books and bills, which were put on to try it, were found as perfect as though fire had never touched the safe.—Messrs. Schumacher and Johnson are the manufacturers.

ELOCUTION.—We are glad to learn that Prof. SWEET, long and favorably known throughout the country as a teacher of Elocution, is in our city, and proposes to commence immediately the formation of a class. The opportunity is su h as is seldom offered to the young men of our city, and we doubt not that many will avail themselves of it.

DIVINE SERVICE IN THE FRENCH LANGUAGE.—To-morrow, (Sunday, 5th of July,) at 4 o'clock P. M., Rev. J. B. PERRAUD will hold Divine service in the French language, at the rooms occupied by the German Episcopal Han Mission. The rooms are situated on Tamarack street, near West Water street, two streets south of La Crosse and Milwaukee depot.

THE STREETS TO BE SPRINKLED.—We learn with pleasure that, as there was a prospect of a dusty march to day for the procession, the Committee of Arrangements have engaged persons to sprinkle Mason and Spring Sts., the two principal thoroughfares out of East Water St.

THE PROCESSION.—J. S. Fillmore, Chairman of the Committee of arrangements, requests all the Civic Associations to be on the ground promptly at half past eight o'clock, opposite the American House, as the procession will move from the corner of Second St., at half past nine precisely.

RELIGIOUS NOTICE.—The Rev. Josiah Cannon will preach at the 2nd Baptist Church (Concert Hall) to-morrow morning at 10½ o'clock, and at 8 o'clock P. M.

LAKE SHORE R. R.—See notice of special trains to-day over the Lake Shore R. R. to Racine and Kenosha and return.

STEAMERS FOR CHICAGO.—It will be seen that we have changed our Traveller's Directory back to one steamer a day to Chicago.

Trial of Great Western Safes.

MILWAUKEE, July 1st, 1857.

We the undersigned, Bankers, Merchants, Underwriters, &c., at the request of Schumacher & Johnson, do hereby certify that on Monday, the 29th of June, 1857, we, as a Committee appointed, did superintend the firing of a Safe known as the "Great Western Safe," built by the said Schumacher & Johnson, and that having witnessed it being placed under a dense fire for two hours and a quarter, the said safe, when cooled by water, and the contents consisting of Bank notes, Books, Paper and blanks, were found in a perfect state of preservation. We therefore pronounce the said safe as perfectly satisfactory, showing the "Great Western" to be a safe that can be relied upon by the community at large.

City Land Office, Michigan St.

WM. WISE, PRESENTS to our citizens in a few days the survey of Judge Smith's Addition to the Fifth Ward of the city of Milwaukee. We will make no comment at present about it, but will only say go and look at the premises yourself. It lies out old Teleck Grove, Co., and if you can select a more beautiful spot in the city it has not yet appeared. The lots have now all been staked out, and in the course of ten days we will have the maps ready, when we will present our views of Milwaukee, from Judge Smith's Add—all who want to make profitable investments, and secure themselves a beautiful spot for a home, where they have a beautiful view of the lake and city, call for a few days. Judge Smith's addition is on Clinton St., which is graded, planked and gravelled, and eight minutes ride from Walker's Point Bridge, and joins Horace Chase on the East. CALEB WALL.

SALE OF LOTS

IN ARET'S ADDITION TO NINTH WARD.

On the 15th day of July next we will offer for sale at the City Land Office, on Michigan street, upwards of a hundred lots in the neighborhood of Mr. Vliet's residence. The constant demand on Mr. Vliet for small portions of his tract has at length induced him to lay out part of it in lots—so that those desiring to purchase may have an opportunity of selecting such as they choose, and in the absence of any such chance a week hence we will sell such at private sale, but will put them at public auction. To those who know the spot, it will be sufficient to say that the lots are for sale. To those who do not, and are seeking for lots to build, either to live in, or speculate, we say look for yourselves, and judge whether any of the places now offering in and about the city, can compare with this. jun26 OGDEN & WALL.

CONGRESS WATER.

TO SOUTHERNERS:

DRINKERS OF CONGRESS WATER.

AN inferior article of Mineral Water is advertised and sold under the name of Saratoga Water, the word "Congress" being used by counterfeiters in cases where they dare not risk selling their fictitious article as "Congress Water." The success of the cheat arises from Congress Water having been so often called Saratoga Water, that many people suppose that its true and only name. Taking advantage of this, the spurious article is put up, with names, marks, and bottles, as to resemble as near as they dare, Congress Water, and usually sold as an imitation of it to those acquainted with the distinguishing marks and brand, peculiar flavor and qualities of the genuine Congress Water. There are a number of Springs at Saratoga in the water from any of which might be sold "Saratoga Water," by persons whose principles of conscience extend only to cases where they are liable to pecuniary punishment, and yet the article so imported on the public be worthless or injurious. If you want genuine Congress Water buy it of respectable dealers only, and in all cases observe that the Brand on the Corks is CONGRESS & W. YATER. Call for it without those words and letters, it is a swindling counterfeit. CLARKE & WHITE,

Proprietors of Congress Spring, Saratoga Springs, and No. 15 Thames Street, New York.

As no odor proceeds from the preparation, the glove can be worn *immediately* after it is cleaned. With a piece of flannel, apply a small portion of the preparation very lightly, and the dirt will immediately disappear. It is the article used by the Kid Glove Manufacturers in France to impart that purity of finish and softness for which their gloves are so justly celebrated. It cleans old slippers and white and colored kid gloves elegantly. It is also an excellent article for the toilet, and for beautifying the complexion removing tan, pimples, &c., far exceeds in excellence any of the thousand and one preparations usually sold for that purpose. One trial, at the trifling expense of 25 cents, will convince any one of all the article is all that it is claimed to be. Try a bottle of it for 25 cents, and you will never wish to be without it.—It can be obtained at all Druggists and Dealers in Fancy Goods in Milwaukee, and at wholesale of the sole proprietors CLARK & Co., 535 BROADWAY, New York. A liberal discount to the trade. As there is an inferior article in the market, be pars will be careful to see that the name of CLARK & Co. is upon each bottle which they purchase. jul1e564d3moHSS
